

TECHNICAL DATA SHEET						
BIHUI code	LFRS5	Main Description	XXL2.0 Rail System			
Image						
Features	► Compatible rails with the trade manual cutting system. Two systems, One rail ► Reinforced rails with steel rod, make cutting more stable, precise and longer lifetime ► Suitable for cutting tiles and slabs sizes up to 3.2m long					
Benefits	* Reduces equipment investment by allowing greater versatility across different cutting applications. * Ensures cleaner and more accurate cuts, minimizing material waste and rework. * Provides enhanced durability for demanding jobsite conditions and frequent use. * Enables efficient handling of large-format materials for a wider range of installation projects.					
Specification	Size	Accessories				
	3pcs Aluminium rails (2pcs 1.4m and 1pc 0.8m)	4 x Plastic suction cup 2 x F clamp				
Packaging	Tool bag for rail and suction cup		HS Code	8466910000
