

TECHNICAL DATA SHEET						
BIHUI code	SCBC8	Main Description	BPTT battery suction cup			
Image						
Features	Suction cup with 160Kg(352lbs) lifting capacity Digital gauge showing pressure Smart sensor monitor maintains optimum suction Water drain hole behind the handle Suitable for both smooth and rough surfaces Type C charging method					
Benefits	BIHUI family product Shared rubber pad which allows for greater flexibility and extended usage One-click adsorption, Two-click releasing, simple and efficient operation Intelligent air replenishment below 120Kg(265lbs), enhancing safety and reliability Suitable for wet conditions with a water drain hole to exclude water from the suction cup					
Specification	Battery	Product Size (L x W x H)	Maximum Vacuum Rate	Maximum Lifting Capacity	Working Temperature	Net Weight (With Battery)
	3.7V/3200mAh	204x204x91mm	-600kPa	160Kg(352lbs)	-5℃~60℃	0.9Kg
Packaging	BMC BOX with cardsleeve		Customs tariff code[HS]	8467299000		
User's Manual	available					
Exploded view	available					
Spare parts	Type C USB cable, filter 2pcs					
Poster	available					
Video	available					
Certification	CE
